

In our CORPORAL MIME, the priorities of the body organ for expression are 1st.-the body, 2nd arms and hands, last- the face.

What of the body is desirable?

An answer is like this. - As an expressive organ, the body is large and the face is small. The body is heavy and an arm is light.

「マイムの言葉-思考する身体」 Etienne Docroux 1998. ブリュッケ
p.102 顔と腕にくらべて胴体が優先する original - 1962.
